TRAINING & SIMULATION

LEADERSHIP & SELF-AWARENESS

DISC-Based Leadership

BUSINESS SIMULATION

"Maximizing team potential with personalized leadership solutions."

DURATION

6 hours

PARTICIPANTS

12-20 · 4 teams

FORMAT

**Role-play · board +
digital**

MODEL

DISC framework

About the simulation.

The DISC-Based Leadership simulation enhances leadership and HR-related skills for non-HR professionals. Participants select the right individuals for specific roles, communicate effectively based on personality traits, apply situational leadership, motivate employees, assign tasks appropriately, and delegate with confidence.

WHO BENEFITS

Built for the people who carry the decisions.

First-time leaders & managers

Individuals stepping into leadership who need foundational leadership and HR skills.

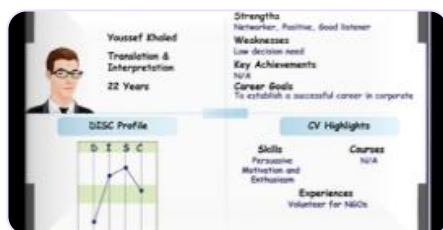

Non-HR professionals

Leaders from technical or operational backgrounds improving people management.

Team leads

Anyone responsible for getting the best from diverse personalities.

Planning and Execution				

Department board

Scenario card

Competencies **developed.**

01 Leadership Skills

Build and adapt leadership styles to different team members and situations.

02 Communication Skills

Adapt communication techniques to suit individual personality styles.

03 Talent Management

Align individual strengths with organizational needs for optimal performance.

04 Motivational Techniques

Apply strategies that inspire and sustain employee engagement.

LEARNING OUTCOMES

By the end, participants will...

- ✓ Interpret the four DISC personality styles with confidence.
- ✓ Select the right team members for specific roles.
- ✓ Adapt communication styles to suit employees' DISC profiles.
- ✓ Apply leadership styles based on each employee's developmental level.
- ✓ Implement strategies to inspire and energize team members.
- ✓ Delegate by skill, preference and profile to optimize efficiency and accountability.

Bring DISC-Based Leadership to your team.
